You will be removed from or not permitted to play as a result of not following any of the above rules. There will be no refund if you are thrown out of or not permitted to play.

2. There is no goalie.
3. Show them the playing field and the side lines where they must stay inside of during the game.
4. The goals are marked by the cones on the end line. We do not use goals in half field bubble ball. Show them where the red teams goal is an where the blue team's goal is on the field.
5. At the beginning of the game, each team must start together on their side of the field. This is also the case after each score occurs. The referee will establish with you the start line before the game begins. Once they blow the whistle, you may go for the soccer ball.
6. Anytime the referee blows his whistle, you must instantly stop and the game must be stopped until the referee says the game will recommence.
7. You must remain in the bubble at all times during the game or in game play. If you are injured or your bubble is punctured during the game, please let the referee know so that the game can be stopped for you.
8. If the goal cones get moved, the game will stop for readjustment.

***Please note, we have any right to add to this list of rules, and we will ensure all are aware of these prior to start of the game. We also have the right as do referees to remove anyone from the playing field or end a game without refund should we feel safety is being compromised. Your cooperation is appreciated. ***
