## Basketball Director Sabra Wrice

We are pleased to announce our partnership with Sabra Wrice, former women's coach at Fairfield University and Fisher College. Sabra graduated from Riverside High School as the all-time leader for most points in a game, season, and career and led the girl's basketball team to it's first ever South Jersey Championship. She played four years at Fairfield University finishing with the record for most points in a game and 7th all-time in scoring. She was also voted Fairfield's Female Athlete of the Year in 2008. She went on to play professionally in England, breaking one of her club's records for most points in a game

Coach Sabra will offer a dynamic training environment where players will master the mental, physical, tactical and technical skills of the game. Players will develop and improve individual skills and team play guided by Coach Sabra.

Our clinic is offered for players of all levels. Players will be placed in groups where they will be able to compete and grow.

Cost: \$135

Players work on skills such as ball-handling, balance, defense, dribbling, rebounding, passing and shooting. Players are taught conditioning exercises and drills used by college and pro players, as well as challenge and motivation techniques for the off-season.

Under the direction of Coach Sabra the boys clinic will be taught by our coaching staff. All coaches are teachers and high school coaches in multiple sports. Coach Sabra will attend and coach all of the girls clinics.

*It's the extra effort that turns good players into great players. Participating in this clinic will enable you to truly become the best player you can be!!*
